# ALL BIDDERS PLEASE READ

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

**Our Mail Auction Sales Are Conducted in the Following**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

## COMMEMORATIVE HALVES

---

Literally rising from month to month with some doubled in value the last two years. With the small quantities issued, it is inevitable that they rise in value with the influx of new collectors. Present prices should appear as "bargains" in the near future. Just compare present prices with those of just a few short months ago.

## SMALL SIZE SILVER CERTIFICATES

While nearly all are fairly easily obtained, there are enough "tough ones" to make the completion of the series an interesting hunt. Nearly all now bring various premiums over the last Currency catalog issued 1½ years ago. In fact, there are a number we would gladly pay over catalog to obtain to fill want lists we have on hand.

## TREASURY OR COIN NOTES

---

Issued in only two series, 1890 and 1891 and payable "IN COIN" (gold or silver). These two series represent some of the best examples of engraving of the Bureau of Engraving and Printing. All notes are now scarce with many in the rare class. We have noted a sharp increase in valuations of these two series during the last year or two with many now bringing double and triple the catalog valuations compiled nearly two years ago. In fact, a new edition of the catalog is overdue judging from the numerous price rises which have taken place.

# NATIONAL BANK NOTES — FIRST CHARTER PERIOD TYPE I, ISSUED 1863-1874 WITHOUT CHARTER NUMBER OVERPRINT

---

All bear the small red seal with rays and have either red serial numbers or blue (about three times as scarce as red). The \$1 and \$2 notes were first issued in 1865 while the other denominations were first issued in December of 1863. The \$1 central vignette shows two maidens before an altar representing an allegorical "concord"; the reverse shows the "Landing of the Pilgrims." Each of the notes has its own state seal. A number of collectors are now attempting to collect one note of each denomination from each state which, of course, makes an interesting collection of state seals. The old stand-by of collecting by signature combinations still has its faithful following while we notice an increasing amount of collectors making a collection of notes from their home state. We have noticed displays with a large state map and notes from various cities attached thereto.

## NAT'L GOLD BANK NOTES OF CALIF.

All are rare but exceedingly so in better than fine condition; in fact, the catalog lists these notes in only good and fine condition. This is understandable when it is realized that national gold bank notes were issued in a ratio of less than 1 to 1500 regular national notes. That any have survived is indeed remarkable. What few did survive are in wretched condition, being fair to good with an occasional fine specimen. We know of only one note which might be called uncirculated. While the obverse is similar to the regular nationals, THE REVERSES PICTURE A GROUP OF GOLD COINS CONSISTING OF \$1, \$2½, \$3, \$5, \$10, \$20 WITH THE TOP \$20 DATED 1871; the \$5 obverse also has a minor change from "ACT APPROVED JUNE 3D, 1864" in the border of the regular nationals to "ACT APPROVED JULY 12, 1870" in the \$5 national Gold note. These notes have "IN GOLD COIN." Since gold was the medium of exchange in California, the people were skeptical of paper money. In order to accommodate the West, Congress authorized the National Gold Banks. Since these banks were required to carry a much higher cash reserve than the regular nationals very few gold banks were chartered. These banks converted to regular national banks within a few years.

## 1918 FEDERAL RESERVE BANK NOTES

Issued by all 12 banks and now quite popular. We note choice specimens have become quite elusive the last two or three years resulting in substantial rises in values in fact, some have doubled the last two years with the trend still continuing.

## DOUBLE EAGLES \$20 GOLD)

There seems to be an increasing interest in gold. Certainly a price rise is long overdue in this series when the prices are compared to those of silver and minor coins. With the actual metallic value of the double eagle at around \$35, the premium at which they may be acquired is quite nominal.

## TWENTY-CENT PIECES

---

An interesting experiment to place our coinage on a true decimal system. It was supposed to eventually replace the quarter (a carry over of the 2 real of Mexico) but the similarity of the 20 cent to the 25 cent caused too much confusion, and the attempt was abandoned. The 1875 and 1876 were struck in limited quantity and did not circulate very much. The 1875-S and to a lesser degree, the 1875-CC were the only ones to receive wide circulation. The 1877 and 1878 were struck in proof only for collectors.

## MERCURY DIMES

---

Please note that most are in uncirculated "gem" condition. Gems are sharp struck specimens with full luster. Just order some "uncirculated" coins advertised and see how very few are gems. While the catalog indicates a premium for gem Lincoln cents, buffalo nickels, liberty standing quarters and liberty walking halves, it should also indicate a premium for the Mercury dimes.

## 1859 PROOF SET (Continued)

---

- 2307 HALF DOLLAR 1859-S Altho the catalog does not list branch mint proofs, we have handled too many to doubt their existence. We note that some of the older dealers such as the Chapmans concurred with this opinion as do a number of more recent students. Evidently this collector acquired and accepted them as proofs and included them in his remarkable proof collection. PROOF WITH GOLDEN PATINA. With an ordinary uncirculated specimen being worth at least \$50, this PROOF should be worth at least \$150.000. Of course these estimates are not a limit as higher or lower prices may prevail. We only use them to express the consensus of the information we are constantly compiling as to values. You, the collector, must determine WHAT THE COIN IS ACTUALLY WORTH TO YOU.

<b>2331</b>	<b>THREE CENT 1863 Glittering blue proof with wire edge. RARE. Of the 460 originally struck, only a fraction can still be in exist-today after nearly 100 years. This gem should now bring fairly close to .....</b>	<b>100.00</b>
2332	HALF DIME 1863 Brilliant Proof. RARE. In fact, of equal rarity to the above. The Los Angeles one only brought \$48; we believe it is worth at least .....	60.00
2333	DIME 1863 Proof with bluish golden patina. SCARCE. While only 460 were also struck for the dime, for some reason it has not brought as much as the above two coins. The Los Angeles one brought only \$30; in keeping with its rarity, it should certainly be worth at least .....	40.00

## 1863 PROOF SET (Continued)

- 2340 HALF 1863 Similar to above but motto in field instead of on scroll as above, copper. ONLY 50 STRUCK.
- 2341 DOLLAR 1863 Brilliant Proof with slight golden tint. RARE. Altho 460 were struck, a great number were "spent" since up to the late 1920's, many sold at very close to face (whenever a dealer was fortunate to have a customer who wanted one). When we started dealing in coins in 1933, many proof dollars could be obtained at little more than double face. Many proofs, especially the larger pieces such as 25c, 50c and particularly silver dollars, are much more rare than the mint figures would indicate due to their being "spent." ..... 85.00

- 2342 DOLLAR 1863 EXACT TYPE OF 1866 WITH MOTTO "IN GOD WE TRUST," BRILLIANT PROOF. WHILE NOT AS RARE AS THE 1866 NO MOTTO (2 KNOWN) IT IS STILL EXCEEDINGLY RARE (8 TO 12 COINED). The 1866 no motto brings several thousand dollars; this rarity should certainly be worth a minimum of \$500 to ..... 750.00**

## 1864 PROOF SET

- 2343 CENT 1864 Regular copper-nickel, BRILLIANT PROOF. RARE. 50.00
- 2344 CENT 1864 Similar to above but struck in bronze (same thickness as copper-nickel and not thin like regular bronze cent) dull matte-like proof surface. Not listed in AW or regular catalog. RARE. Should be worth at least ..... 125.00
- 2345 CENT 1864 Bronze (no L) glittering golden rainbow proof. VERY RARE TYPE COIN IN GEM CONDITION. Just try and find one. We have been looking for two years for a choice specimen and have not as yet located one. In point of rarity, it should be worth at least \$250 but until it is appreciated for the rarity it is, it will probably bring between \$150 and ..... 200.00
- 2346 CENT 1864 Regular dies (of bronze) but struck in oroide. AW-464. ONLY 15 STRUCK. Should be worth at least ..... 150.00

- 2347 CENT 1864 WITH L ON RIBBON, RED PROOF STARTING TO ACQUIRE PATINA. COMPARABLE TO THE DUPONT SPECIMEN SOLD IN NOVEMBER 1954 TO A DEALER AT \$850.00 (the specimen more recently sold was spotted and appeared to have been cleaned). WITH SCARCE EARLY PROOFS HAVING DOUBLED AND TRIPLED IN VALUE THE LAST TWO YEARS, CERTAINLY THIS OUTSTANDING RARITY (IN DUPONT CATALOG IT WAS STATED, "ONLY 10 PIECES SAID TO BE MADE") SHOULD BRING A MINIMUM OF ..... 1500.00**

2348	TWO CENTS 1864 Large Motto, regular dies but struck in copper-nickel, glittering reddish-olive proof. ONLY 15 STRUCK. With regular specimens now bringing \$40, this rarity should be worth .....	75.00

2353	DIME 1864 Proof with bluish golden patina. ONLY 470 ORIGINALLY STRUCK of which only a fraction can still be in existence today, nearly 100 years later. The Los Angeles Convention specimen brought .....	38.00
2354	DIME 1864 Regular dies struck in nickel, PROOF. ONLY 6 TO 8 STRUCK. ....	75.00
2355	QUARTER 1864 Brilliant Proof. SCARCER THAN THE ABOVE even tho the same amount were struck. Some of these were "spent."

2359	TWO CENT 1865 Reddish-brown proof. ONLY 500 STRUCK. Same comments as above. Since two cent pieces are not as popular as cents, this may possibly bring a little less than the cent.	
2360	<b>THREE CENT SILVER 1865 Brilliant Proof with slight golden tint. RARE. Since this date comes only in proof, there is a very strong demand from collectors of both proofs and circulated coins. We would not be surprised to see this rarity bring within the neighborhood of .....</b>	<b>100.00</b>
2361	<b>THREE CENT SILVER 1865 Struck in copper from regular dies, proof. ONLY 15 STRUCK (COMPARED TO THE 500 SILVER STRUCK.)</b>

2364	<b>THREE CENT NICKEL 1865, AW-518 similar to regular die but higher date and larger ribbon ends, thicker flan, struck in bronze. ONLY 8 STRUCK.</b>	
2365	HALF DIME 1865 Glittering bluish golden proof. RARE. The Los Angeles specimen brought \$44; we personally believe this rarity is worth closer to .....	50.00

## RARE AUSTRALIAN "PIONEER GOLD"

- 2687 1873 Pound, "RICKETTY DICK 1873" around bearded bushy haired man, reverse "STRUCK AT EXHIBITION MINT" around coat of arms consisting of ship, fleece, pick and shovel, and sheaf of wheat with rodent type animal at top, uncirculated with cleverly plugged hole. These pieces were pierced at issue so that they could be worn suspended around neck. ONLY 10 PIECES WERE STRUCK AND THIS IS ONE OF THE 6 PIECES KNOWN TO REMAIN IN EXISTENCE. This exceedingly rare Australian Mining Pound was struck for R. Dick, who was a pioneer gold miner in the Australian bush. A pioneer gold coin comparing to the pioneer gold of California and the West. The only auction record we could find is an old one at \$375; certainly it should today be worth at least \$1,000. If it were an American pioneer gold piece, it would probably be worth at least \$5,000. You, the collector, must decide what it is worth to you by your bid.

## SWEDISH PLATE MONEY

---

Makes an interesting and "attention-getting" display whenever exhibited. Now becoming difficult to obtain with the increasing demand by new collectors.
